

## HUMAN RIGHTS AWARENESS OF B.ED STUDENTS IN KERALA

Name of the student : MOHAMMED K  
Name of supervising teacher : ABDUL GAFOOR K  
Year of study : 2000

**OBJECTIVES**

- To find out the extent of the human rights awareness of the B.Ed students in total sample and sub samples
- To test whether there exists significant difference in human rights awareness between the relevant sub samples.

**METHODOLOGY**

**Method used** : Survey method

**Sample** : 1050 B.Ed students in Kerala belonging to 3 major universities viz, Calicut, M.G & Kerala

**Tool:** Human Rights awareness test

**Statistical Techniques:** Analysis of Variance ( ANOVA), Two tailed test of significance of difference between means, Percentiles

**RESULT**

Human right awareness among male students is better than female students, and arts subject students is better than science subject students. The government training college students have the higher human rights awareness than the students from other type of institutions followed by aided training college , unaided training college and university teacher education centers. Unaided training college students have the least human rights awareness.

**KEY TERMS:** Human Rights Awareness, B. Ed Students
