

INFLUENCE OF PARENTAL INVOLVEMENT IN VOCATIONAL PREFERENCES OF
SECONDARY STUDENTS OF KERALA

Name of the Student : HAFSAMOL. O. K.
Name of Supervising Teacher : Dr. MOHAMEDUNNI ALIAS MUSTHAFA M. N.
Year of the Study : 2008

OBJECTIVES

To investigate into the influence of Parental Involvement on the Vocational Preferences of Secondary School Students

METHODOLOGY

Method Used : Survey Method
Sample : Students of 13 Secondary Schools from Kerala
Tools : Parental Involvement Scale, Tool for Vocational Preference
(Shajimon & Gafoor,)
Statistical Techniques : One Way ANOVA

RESULT

It is found that there is no significant effect of parental involvement on the vocational preference of secondary school students of Kerala for almost all subsamples. But shows significant effect in case of selecting fine arts/ literature as their vocation

KEY WORDS: Parental Involvement, vocational Preferences, Secondary School Students
